

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/pm-20-100	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Data may be shared upon reasonable request to the first author.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	De-identified basic demographics, I-GERQ-R total score, age group at time of study, and degree of prematurity.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years after the publication date.
7	To whom will you share the data?	Researchers who are interested in gastrointestinal symptoms in infants and young children.
8	For what type of analysis or purpose?	The first author will review the purpose and analysis plan of data requests to determine whether they are appropriate for the data.
9	How or where can the data/documents be obtained?	Data requests may be sent to: britt.pados@bc.edu
10	Any other restrictions?	We may balance the potential benefits and risks for each request and determine which data could be appropriately shared.
